PROPERTIES

ESTOL-SUPER 2000 is a cold workable material based on a bituminous plastic combination that contains solvents.

ESTOL-SUPER 2000 penetrates deep into cracks, sealing them and thereby restoring the crack-damaged surface.

ESTOL-SUPER 2000 is frost-tolerant.

INSTALLATION

The surface being restored must be free of water, dirt and loose particles.

ESTOL-SUPER 2000 is poured into the crack and immediately sprinkled with 2 - 5 mm premium chippings.

The section of road can be released for traffic immediately.

SUPPLY/STORAGE

ESTOL-SUPER 2000 is available in 30 kg tin cans. 16 containers are packed onto one pallet.

ESTOL-SUPER 2000 can be stored for up to one year in an unopened container.

Protect ESTOL-SUPER 2000 from direct sunlight.

Do not store ESTOL-SUPER 2000 outside.
